

DIVERS BRING UP THE GOLD.

ABOUT \$65,000 WAS TAKEN
FROM THE WATER THIS
MORNING.

Quarrel Over Reward—Morse
Says Veale and Donaldson
Should Get It.

SAN FRANCISCO, Aug. 12.—It was stated at the office of the Selby Smelting Company at noon that a force of divers under the management of the Pinkertons had today taken \$65,000 worth of gold from the spot where it was hidden by Winters, making nearly \$200,000 already recovered.

It is expected that the balance of the stolen treasure, amounting to \$80,000, will be recovered inside of twenty-four hours.

WINTERS IN JAIL.

Winters is still detained by the officers in this city, but has not been formally charged with the crime.

The fact that he has not been charged with any crime lends additional weight to the belief entertained in some quarters that he will be leniently dealt with by the officers of the law for confessing the crime and locating the spot where he secreted the bullion.

There promises to be a lively fight between the detectives over the reward money, and the matter may eventually be taken into court for settlement.

MORSE GOT EVIDENCE.

Detective Morse, who, it is stated, definitely fixed upon Winters the authorship of the crime, states that he got his first information from Donaldson, an employee of the works, who formerly roomed with Winters.

Acting upon this information, Morse gathered sufficient evidence against Winters to warrant the arrest of the latter.

DIVIDE REWARD.

Morse, who is a detective for the Selby people, does not claim any of the reward, but states that a large portion of it should be divided between Donaldson and Sheriff Veale of Contra Costa County.

The lawyers of the last named are drawing up papers setting forth the claims of Donaldson and Veale. Their claims are opposed by the other detectives engaged in the case.

SAN FRANCISCO, Aug. 12.—The man Winters who escaped from the Kansas State Penitentiary and the Winters who robbed the Selby Smelting Works cannot possibly be one and the same man, because the Selby robber is known to have worked at the smelting plant for the past seven years with but few absences and they of short duration. He claims to have come here from Los Angeles and Texas.

STEAMER RUNS ON THE ROCKS.

Was Quickly Beached and the
Passengers Were Soon
Rescued.

BOSTON, Aug. 12.—The Plant line steamer Halifax, Captain Pyle, from Charlotte, N. C., struck a ledge of Minot's light while coming into port in a thick fog early today.

She freed herself, however, and was beached in a sinking condition. Tugs and lighters have gone from here for passengers and baggage.

The steamer left Halifax last Saturday night and was due here today. It is understood she carried a large number of passengers, but at the Plant line office here no positive information could be gained.

As it was near high tide, and as the steamer floated without great difficulty, it was thought she was not seriously damaged. It soon appeared, however, that she was leaking. Accordingly the captain headed for George's Island and beached her.

The Halifax is a steel screw steamer, sailing under British registry. She is 250.3 feet long, 35 feet beam and 21.5 feet deep. Her tonnage is 938. She was built at Glasgow in 1888.

OAKLAND BRAKEMAN IS KILLED AT STOCKTON.

STOCKTON, Aug. 12.—Sim Akins, conductor of a Southern Pacific gravel train, was run over this morning on Van Buren street, sustaining injuries which resulted in his death an hour and a half later at St. Joseph's hospital.

Akins was leaning over the end of a car to set the air brake, when the train slackened suddenly, causing him to fall to the track.

One wheel caught him at the waist, forcing him along the track several feet before the train was stopped. He was badly mangled.

The deceased leaves a brother and a mother in Oakland. No blame is attached to anyone.

(Akins' father is an S. P. flagman at Seventh and Market streets.)

STRIKE NOW DRAGS ACROSS THE BAY.

TEAMS ARE MOVING GOODS
BUT SHIPMENTS ARE NOT
HEAVY.

General Strike May Now be Or-
dered in a Few
Days.

SAN FRANCISCO, Aug. 12.—The strike is dragging along day by day and week by week with no apparent signs of either side receding one iota from the stand which it maintains.

ALL IS QUIET.

Everything remains quiet today on the water front and in the wholesale district. One or two carriages have taken place, but no trouble of a serious nature has occurred. Teams are moving goods with some regularity, but shipments are not so heavy but that they can be moved by the men who have taken the places of the strikers.

BUSINESS FALLING.

Business in the wholesale district is falling off daily, and the indications are that it will be worse as the days go by, unless the Mayor or some other man of influence or position devises a means of bringing the opposing forces together in a friendly effort to bring about a peaceful settlement of the labor troubles in this city.

IMPORTANT MEETINGS.

Several important meetings of both factions will be held this afternoon and this evening, and it is hinted at labor headquarters that the time for concerted action on the part of all unions is almost here, and it is said by some, other than those in authority, that a general strike will be ordered within the next few days.

Those in a position to state definitely what action will be taken in regard to a call for a general strike will not speak.

SHAFFER MAKES BRIEF STATEMENT

Says He Knows Nothing of the
Situation in the West
at Present.

PITTSBURG, Pa., Aug. 12.—President Shaffer made a brief statement at noon. He said:

"We have no official information about the situation in the West. I do not believe Vice-President Davis of Chicago has accepted a superintendency from the trust, as reported. My only regret is that the men working in the slave pens of the trust had not spirit enough to come out and join the strikers. I will not take any part in calling out the American Federation of Labor. Its action must be voluntary. The Amalgamated Association has not lost anything, but has made gains."

Secretary Williams said:

"I think the greatest surprise of the strike will come to the steel office, because the Selby robber is known to have worked at the smelting plant for the past seven years with but few absences and they of short duration. He claims to have come here from Los Angeles and Texas."

U. S. CONSUL DIES SUDDENLY AT EBERSWALDE.

BERLIN, Aug. 12.—Edmond Z. Browdski, United States Consul at Solingen, died suddenly yesterday morning at the house of a friend in Eberswalde.

Mr. Browdski left Solingen Friday night and passed through Berlin Saturday in perfect health. His wife has arrived at Eberswalde. The remains will be buried there.

Mr. Browdski was originally appointed Consul at Breslau, where the Foreign Office refused to grant him an exequatur, whereupon his appointment was changed to Solingen.

EASTERN WEATHER.

CHICAGO, Aug. 12.—Temperatures at 7 A. M.: New York, 74; Boston, 66; Philadelphia, 72; Washington, 76; Chicago, 65; Minneapolis, 64; Cincinnati, 65; St. Louis, 70.

STEEL STRIKERS MAKE AN APPEAL TO ORGANIZED LABOR OF THE COUNTRY.

ASK THE MORAL AND FINANCIAL AID OF THE WORKINGMEN OF THE COUNTRY—
A STATEMENT OF THE GREAT ISSUE
IS GIVEN TO THE PUBLIC.

PITTSBURG, Pa., Aug. 12.—The strikers made gains today at McKeesport and Bellaire and regard the situation as more favorable to them than on yesterday.

At the former place they won the National Rolling Mill of the National Tube Works.

JOINED THE STRIKE.

The men of the Boston Rolling Mill had already joined the strike, but the impression had been created that the National would not go out. The Tube Works at McKeesport were started as usual today, but it is not clear how long they can be kept going.

McKeesport has been developed into a stronghold of the Amalgamated Association and the strike leaders assert that they are completely in control of the situation.

At Bellaire more men of the National Steel Company cast their fortunes with the strikers, and it was admitted by steel officials that the mill would probably be closed down temporarily.

CLAIMS OF STRIKERS.

The strikers claim they will completely tie up the Riverside and other plants in the Wheeling district. The Riverside plant of the National Tube Company was prepared for work this morning, but none of the men appeared at the works when the time for starting the turn came. Organizers of the Amalgamated Association are at work among the men in the steel department and have plans for forming an Amalgamated lodge tonight.

NO TROUBLE.

The trouble anticipated at Monessen this morning did not come, and the large plant of the American Tin Plate Company there is in full operation today. Both sides claim control. The strike leaders planned to call the men out this morning, but at the last moment refrained from doing so. They say they will act later, while the officers of the company say their position is quite secure and that the plant will not be affected by the present difficulty.

A WAVERING START.

The Term mill at the Lindsay & McCutcheon plant which was operated last week with a non-union crew, made a wavering start this morning and is in operation, although short-handed. The Tieble Iron Works is tied up and the crew started this morning in anticipation of resumption are banded. Painter's mill, closed on the first call, is still smokeless.

MILL IS CLOSED.

The Steel people have planned its reopening for several days, but as far as outward appearances show, have done nothing. The men of the Elba, or Frankston, puddling and rolling mills have all joined the strikers and the works are completely crippled.

ALL OF THE CARNEGIE PROPERTIES AND THE MILLS OF THE AMERICAN SHEET STEEL CO. AT VANDERGRIFT, APPOLLO, LEECHBURG, HYDE PARK AND SALTSBURG ARE IN OPERATION TODAY AND THE MANUFACTURERS ASSESS THAT THERE WILL NOT BE THE SLIGHTEST TROUBLE AT ANY OF THEM.

ISSUE A STATEMENT.

President Shaffer, Secretaries Williams and Tighe, Vice-President Chapelle, National Trustee John Pierce, and Ben Davis were at strike headquarters today. Mr. Shaffer was in his private office and refused to see any callers. Secretary Williams said:

"We are in the fight until an honorable settlement can be reached. We are issuing a call to the general public for financial aid. It will go out today."

Mr. Williams gave out copies of the call, which reads as follows:

"To the Members of Organized Labor—Brethren:

UNION MEN REFUSE WORK

Will Not Unload the Steamer
Umatilla at
Seattle.

SEATTLE, Wash., Aug. 12.—The steamship Umatilla of the Pacific Coast Steamship Company arrived in Seattle this morning, twenty-four hours late. Union men refused to unload her cargo and sufficient non-union men to make one crew were put to work.

Merchants endeavored to induce the union men to help, so that the fruit aboard could be unloaded, but they refused.

The gang now working is making slow progress and probably will not reach the fruit hatch today.

Union men say they will make no effort to prevent non-union men going to work. It is said that an effort will be made by the unions to induce the steamer's crew to desert. At the rate the steamer is being unloaded today it will take about three days to unload the 1,200 tons consigned to Seattle.

SAN JOSE MAN BRINGS AN INJUNCTION SUIT.

Joshua Newby Has a Grievance
Against the California Pack-
ers' Company.

SAN JOSE, Cal., Aug. 12.—Joshua Newby, a member of the California Cured Fruit Association, brought suit today against the association and the California Packers' Company to restrain the association from erecting the warehouse at Santa Clara, on the ground that the work, if permitted to go on, would result in a useless expenditure of money and the misappropriation of the trust funds of the association. The complainant further prays that the rights and obligations of the Packers' Company be determined and the Cured Fruit Association be required to render a full account of its acts and also pay a dividend to the members out of the funds in hand. Newby charges many irregularities in the proceedings of the directors of the association. A temporary injunction has been issued by Judge Loring and the hearing set for Friday, the 23rd inst. at 10 a. m.

GIVEN INSTRUCTIONS BY THE DEPARTMENT.

WASHINGTON, Aug. 12.—Dr. Russell, the American Charge d'Affaires at Caracas, Venezuela, has been authorized by the State Department to use his good offices as the representative of Colombia in case the Colombian Minister should withdraw from Venezuela. This is in response to Mr. Russell's request for instructions.

PEACE COMMISSIONER GIVEN HIS FREEDOM.

LONDON, Aug. 12.—Lord Kitchener has cabled a confirmation of the report of the release of the peace envoy, Angles Wessels, who was said to have been shot. Wessels was a prisoner in General Oellers' hands near Kintofort, which the British recently surprised and captured.

CHALLENGER IN PORT.

NEW YORK, Aug. 12.—The new America's cup challenger, Shamrock II, lay at anchor off Sandy Hook last night and today was towed up the bay to Tompkinsville, Staten Island. She will be taken at once to the Erie Basin, where she will be stripped and her racing mast stepped. Her spars are ready and there will be no delay in getting her into racing trim.

The challenger received a lively and enthusiastic welcome from every craft in the harbor as she came up the bay in tow of the tug Robert Haddon. The skippers of the tugs tossed their whistles and the New York hailed a salute with her siren. The Erin acknowledged the salute with three deep blasts.

One glance was sufficient to convince the experts that Watson had built a much handsomer boat than the old Shamrock. She looks the fastest boat ever turned out in British waters. One of her beauties is Watson's peculiar tilt of the counter. There is no flatness or tumble-home along the top sides and her great overhang gives her the appearance of speed. She was painted green, like the Irish Knight's first challenger.

Hardly had her anchor hit the bottom of a Tompkinsville bar before throngs appeared on the hill and the pier heads to study her lines with their glasses.

Captain Hamilton, navigating officer of the Shamrock, stated to an Associated Press representative that the yacht had been towed about two-thirds of the way from the Azores.

Prevailing winds from the south-south-east gave them a fair wind all the way. They got into the salt end of an easterly gale August 4 and it carried away two topmast sheets. That was the only mishap of the voyage.

The total length of the voyage was 2,700 miles and the actual running time fourteen days, nine hours and forty-five minutes.

Captain Sycamore, who is to have absolute charge of the Shamrock II in the races, gave it as his opinion that the Columbia is a better boat than the Constitution.

Captain William Matthews, the commander of the Erin, said:

"We fear the Columbia more than we do the Constitution."

TARIFF HITCH IS SETTLED IN PEKIN.

Draft of the Protocol Has Been Agreed
Upon by the
Powers.

WASHINGTON, Aug. 12.—The State Department has received a cablegram from Mr. Rockhill at Peking, reporting that the draft of the final protocol has been agreed upon. A tariff of eleven per cent ad valorem, effective, will be put in force two months after the signing of the final protocol, excepting on goods shipped within ten days after signing, and will continue until the conversion to specific rates has been effected by the expert commission.

The Chinese free list will include rice, foreign cereals and flour, gold and silver bullion and coin. This inclusion of flour in the free list is of much importance, particularly to Pacific Coast shippers.

CAN BE NO SETTLEMENT.

Steamship Men are Now Very
Bitter Against the
Strikers.

SAN FRANCISCO, Aug. 12.—The attitude of the Employers' Association is not the only obstacle in the way of a compromise of the strike. It has become evident that the complications growing out of the sympathetic strike of the water front unions will not be easily settled, and even if an understanding is effected between the Employers' Association and the Labor unions, there will still remain many vexed questions to be adjusted before cordial relations can be re-established.

The steamship managers say plainly that they will not make any new agreement with the unions of the City Front Federation. The steamship men say they were forced into the present fight through no fault of theirs, and that their men left them without the slightest grievance. This feeling was expressed by one of the prominent steamship managers in an interview this morning.

"There can be no settlement between the unions and the steamship companies. After we had granted everything they asked and made a contract with them they left our employ and have done their best to be up our business. We did what we could to move the ships without bringing in large forces of men from the outside, in the hope that this fight would be settled and that our men would return to work. But there is a limit to all human patience, and we have about passed the limit. We were anxious to retain our old men, and we are ready even now to take them back, but as the non-union men are employing now."

"That is, as many of them as we have work for can return to work, but we shall make no discrimination in their favor or against the non-union men who are with us now. All the men we have placed at work since the beginning of the strike will be retained. We have given them a guarantee of permanent work and we shall keep our agreement. As time passes the places of the strikers will be filled with non-union men and the longer the unionists delay returning to work the fewer positions will be open to them."

ST. LOUIS, Aug. 12.—The injunction proceedings to prevent the use by the Louisiana Purchase Exposition Company of Forest Park as a site for the World's Fair to be held in this city in 1904 was knocked out in the Circuit Court by Judge Zachrit, who sustained the defendants' demurrer to the plaintiff's petition.

The decision of the court is based on the theory that Henry H. Werder and John Bargher, the plaintiffs, are not proper parties to the suit.

Will Not Have the Law an Instru-
ment of Jugglery for
Lawyers.

SEATTLE, Aug. 12.—A signed statement from Governor Rogers appears in the Times today, as follows:

"OLYMPIA, Wash., Aug. 12, 1901.—Editor of the Times: A recent editorial item in your paper regarding the Nordstrom case causes me to say that under no circumstances will I interfere with the judgment of the courts in this case. As I view it, a crisis has arisen in State affairs in which the question is raised whether murder is to be punished in Washington or whether the law is to be made an instrument of jugglery for courts and lawyers."

"In England and Canada, whatever we may think of their forms of government, criminal law is enforced and lynching is practically unknown."

"In Whitman county of this State, according to Judge McDonald of that county, some thirty murders and lynchings altogether have taken place with only one legal hanging, this latter within the last three years."

"Other counties have records not particularly flattering to our ideas of justice."

"Only recently the Legislature was called in extra session for the sole purpose of removing obstacles which I was advised might allow certain murderers to escape and thus bring our administration of law into renewed contempt."

"This purpose having been effected, I shall certainly add no new complications."

"The judgment of the court will stand."

"JOHN R. ROGERS."

Nordstrom was convicted of murder and sentenced to be hanged over nine years ago. The case has been kept in the courts ever since through the efforts of the convicted man's attorneys.

SHE WAS NOT A LEGAL WIFE.

B. F. Huddleson ex-President of the A. P. A., Once Discarded the Woman.

Judge Ellsworth this morning declared that Helen A. Edgar was never legally married to the late James T. Johnston. The decision was handed down in the suit of Public Administrator E. C. Hawes, as administrator of Johnston's estate, to recover from Mrs. Edgar, or Johnston, alleged community property valued at \$800.

The testimony showed that Johnston and Mrs. Edgar were married in 1892. At that time, however, Johnston had another wife living. On October 21, 1892, he was married to Milly B. Ingraham in Kalamazoo, Mich. Some time afterward they separated and Johnston came to California.

In 1895 Johnston's first wife married Rev. Benjamin F. Huddleson by contract. Huddleson was a Baptist minister, but he left that calling to take up the A. P. A. cause several years ago. He was president of the A. P. A. He also neglected to provide for his wife. In 1897 his wife sued him for maintenance. When the case was heard, the court found that the couple had never been legally married. Her contract marriage was invalidated because she had never been divorced from Johnston.

Mrs. Edgar was a widow when she and Johnston were married in 1892. She claimed that the property involved in the suit had been accumulated by herself subsequent to Johnston's death. Owing to the fact that she had never been legally married to Johnston, Judge Ellsworth rendered a decision in her favor. Her attorney was W. H. Jordan. Lin S. Church represented the Public Administrator.

NINETEEN TOWNS ARE TIED UP.

(Continued from page 1.)

Greenwood, Navarro, Whitesborough, Albion, Little River, Caspar, Novo, Westport, Hardy Creek, Rockport, Needle Rock and Shelter Cove.

The more important points, Fort Bragg, Point Arena, and Mendocino City, are supply bases for large sections of territory, and the security of provisions caused by the suspension of steamer traffic is felt by many people.

"The problem of getting supplies is really a serious one," said a gentleman from Mendocino county. "I live at Mendocino City and there the prices of all foodstuffs that have to be brought from San Francisco have gone up to figures that remind me of the old pioneer days. The other points of the coast country are in a worse condition than Mendocino City, for it will cost them more to haul stuff from the railroad than it costs us. Land transportation means an increase of about \$20 or more a ton. We are feeling the shortage of flour more than anything else."

Fort Bragg is entirely out of supplies and this means possible hardship for the people of the wide stretch of country that has hitherto depended on the steamers for food stuffs. They were not at all prepared for this condition of things, and it will take them some time to get supplies in overland. They must have flour even if it is at a high price.

At Albion they have supplies to last two weeks more—there is no great stock for the stuff. Point Arena was in uncomfortable straits for flour and other commodities, but the pressure has been relieved somewhat by a little sailing vessel that got in there Friday with a small cargo. She came from Port Costa or Oakland, I don't know which, but that little ship got a bigger reception than any regular liner that ever put into a coast port. Half the vessel's load was discharged at Point Arena and the remainder was taken to Albion, where the shortage was also uncomfortably evident.

LABORER LOSES HIS MIND THROUGH DRINK.

John Holmes, a laborer, aged 40 years, was recommended for commitment to an insane asylum this morning by Drs. Wilcox and Pratt. Saturday evening Holmes walked into the Police Station and asked for an officer to go with him to San Francisco to collect \$500 he claimed Mayor Phelan owed him. He was placed under arrest and taken to the Receiving Hospital on a charge of insanity. He insisted he is the owner of large property interests in this city and San Francisco. His insanity is due to excessive drinking.

FRANCE GETS THE BEST OF SULTAN.

CONSTANTINOPLE, Aug. 12.—As a result of the firm attitude adopted by the French Ambassador, M. Constant, in an audience of the Sultan Friday, the situation in relation to the French claims is clearing and it is practically settled that the quay company shall enjoy the rights under the concession as demanded by France.

POPE SAYS CRISPI WAS GOOD FIGHTER.

ROME, Aug. 12.—The Pope was informed of the death of Signor Crispi this morning. He exclaimed: "Providence has evidently really decreed that I shall be the last of my generation to go. Well, Crispi was a good fighter."

A few moments later the Pope was on his knees at his prie Dieu, praying for the soul of his ancient enemy.

KING EDWARD TO GO TO POTSDAM.

POTSDAM, Aug. 12.—Emperor William and the other members of the imperial party have arrived at the new palace. King Edward and Queen Alexandra left Hamburg this morning for this place.

An Official Notary is now at 468 Eighth street, same office as Board of Examiners; will fill out affidavits for you.

COLUMBIA WINS THE RACE.

Beats the Constitution by Getting a Time Allowance.

RATEMAN'S POINT, R. I., Aug. 12.—The second race of the present series of three for the Constitution and Columbia and the big yaws was started today in anything but favorable weather. The air was cool and rain was falling, but the principal drawback was the lightness of the breeze, it being only about five knots per hour.

Besides the Columbia and Constitution and the yaws Alva, Vigilant and Navaho, the seventy-footers Rainbow and Virginia were also entered.

The yachts are about two miles from the finish. The wind has hauled to the eastward and the yachts have evidently made the last leg without any windward work.

4:25 P. M.—Constitution crossed the finish line at 4:25:10. Columbia crossed at 4:26:38 and has won the race on time allowance.

As the yachts have not been measured recently, the amount of time which Constitution allows Columbia is not known, but it is probably something over a minute.

The official time of the start of the two big yachts was: Constitution, 12:50:00. Columbia, 12:50:03.

STEEL STRIKERS MAKE AN APPEAL TO ORGANIZED LABOR

(Continued From Page 1.)

waging a war against organized labor by making the Amalgamated Association the object on which to begin operations.

"At our last convention it was unanimously decided to ask the United States Steel Corporation when settling their annual scale with the Amalgamated Association, that they sign or recognize the scale of the Amalgamated Association in all their mills. When the matter was broached, the matter was peremptorily refused."

"After the holding of several conferences, the demand of our organization was modified so as to take in only the mills of three of their constituent companies, viz: the American Sheet Steel Company, the American Tin Plate Company and the American Steel Hoop Company, where local lodges had been formed, and where the men were very desirous of being union men, and we are now out on strike for recognition."

THE CONFERENCES. "In the conferences which were held by the representatives of the United States Steel Corporation and the Amalgamated Association, the representatives of the United States Steel Corporation's arguments were that they did not desire the Amalgamated Association to become too powerful and that they should hold the balance of power. Later conferences were held with the heads of the United States Steel company, who said they would remain in a co-existent state, while they were expanding and adding to their non-union possessions."

WAGING A FIGHT. "They are waging a fight for the extermination of the Amalgamated Association and for the workmen to combine, a principle which they have demonstrated to the people of the United States they desire themselves, and so persistently refuse to grant us. This blow is not directed at the Amalgamated Association, but at organized labor in general, and should they succeed in defeating the Amalgamated Association it will affect every organized body in the United States."

FINANCIAL AID. "To succeed in this struggle it will be necessary to seek the aid of every organized body as well as the general public, whose sympathies we know are with us in the present struggle. To this end we ask that you give us your moral and financial aid, a liberal response financially will materially assist us in conducting a victorious campaign for a principle which is the inalienable right of every free man."

"If you desire to aid the Amalgamated Association in the present struggle financially, all money should be forwarded to John Williams, secretary-treasurer, Bissell Block, Pittsburg, Pa. "Fraternally yours, "T. J. SHAFFER, "President."

"JOHN WILLIAMS, "Secretary-Treasurer, "BEN L. TIGHE, "Assistant Treasurer, "BEN L. DAVIS, "Journal Manager."

COUVELLIER IS HOME.

Councilman B. C. Couveller is back from his trip to Southern California. He says he did not leave the State and therefore there is no chance to oust him from office.

FATAL INJURIES.

SAN JOSE, Cal., Aug. 12.—George R. Bell, a septuagenarian, was run over by an express wagon on Eldorado street this morning and received fatal injuries. The wagon was on its way to a fire and Bell attempted to cross the street in front of it.

DIED AT COUNTY INFIRMARY.

Jane Halbert, aged 65, a native of Scotland, died at the County Infirmary of pneumonia. The funeral was held today. The interment was in Mountain View Cemetery.

Gents' Tailoring Parlor.

Mr. David T. Jones, formerly on Thirteenth street, has opened a first-class tailoring department in connection with the Kents' furnishing store of C. Westover & Co., 1124 Washington street. He will carry a complete line of suitings, comprising the very latest and swiftest designs. His fall and winter goods have arrived, and he invites an inspection of his stock and prices.

GIRLS FOUGHT IN THE STREET.

Chief Fighter Appears in the Police Court and Pleads Guilty.

Sarah Singer a 17-year-old school girl was arrested by Chief Higgins, on the corner of Seventh and Washington streets, Sunday evening a little before 9 o'clock, for fighting with another girl, Hattie Wetzel, who is about the same age.

This morning the girl pleaded guilty to the charge in the Police Court and will come up for sentence tomorrow.

The girls, it is said, had a difference of opinion about a boy sometime earlier in the evening. When they met on Washington street the old difference was revived, resulting in a street fight.

Quite a crowd had gathered to witness the spectacle of two young girls pulling and scratching each other when Chief Higgins put an end to the scene by arresting the offensive combatant.

WILL FIX THE PRICE OF GRAPES

SAN FRANCISCO, Aug. 12.—The California Wine Association expects to fix prices for grapes some time next week. No contracts of any size have been made as yet. It is expected that the agreed price will be between \$20 and \$25 a ton, with chance favoring the lower figure. The California Wine Association expects to become a competitor of the Spanish and French wine producers in the Philippines. California wines can be sold in the islands at a lower rate, and it is believed that the only objection to be overcome is in the matter of taste, the residents of the islands being partial, through ages of custom, to the European product, but the association expects to educate the Filipino to such an extent that the California product will become the leading wine in the islands.

MAY BE THE SAME JOHN WINTERS.

LEAVENWORTH, Kan., Aug. 12.—John Winters, who stole \$280,000 in gold bullion from the Selby Smelting Works near San Francisco, is thought to be an escaped convict from the Kansas State penitentiary. The records there show that "John Winters" escaped from the institution June 6, 1899, while working on the prison farm. He was sent up from Cloud county, Kansas, for burglary and had four weeks yet to serve.

WILL HOLD WATER BOND ELECTION.

LOS ANGELES, Aug. 12.—The City Council adopted an ordinance this afternoon fixing August 23 as the date for holding the municipal water bond election.

DIVORCED COUPLE AGAIN UNITED IN MARRIAGE

After less than a year's separation, Frederick S. Roney and Mary E. Roney have settled their differences and are again married. The couple were divorced in San Francisco several months ago. They soon vealed of living apart, however, and decided to again enter the bonds of matrimony.

Sunday afternoon they secured a marriage license and were married at the County Clerk's office by Justice of the Peace Larue. They gave their ages as 30 and 31 years respectively.

The law prohibits divorced persons from marrying again within a year, but does not prohibit the same couple from re-marrying.

HELD TO ANSWER ON A CHARGE OF LARCENY

WORKINGMEN TO GO INTO POLITICS

Talk of Placing a County Ticket in the Field at the Next Election.

An incipient move, with a view to putting a workingmen's ticket into the next local campaign, was made yesterday at Labor Headquarters, northwest corner of Broadway and Eleventh street.

It originated in an informal meeting of workingmen which was held after the adjournment of the Labor Day Committee. The putting of such a ticket into the field was discussed and generally commended and an adjournment was taken until next Sunday at 3 o'clock for further consideration of the subject.

C. D. Rogers, State president of the American Federation of Labor, presided. There were also present Joseph B. Rebell, C. A. Sinclair and Mr. O'Rourke of the Clerks' Union, P. B. Prohle, secretary of the Federation of Trades, Reed and Shannon of the Carpenters' Union, two members of the Painters and Decorators' Union and two more members of the Carpenters' Union whose names are unknown.

These men, however, appeared not as representatives of any labor organization, but in their individual capacity, for the reason, as they allege, that no labor union can take part in a political movement.

The trend of opinion was that no political party should be endorsed and that candidates should be taken from the ranks of the working people.

A GREAT MAN'S IDEA.

GENIUS, as Ruskin defines it, is simply a superior power of seeing. Have you the genius to see how important an element in the success of your house-keeping is the use of Ivory Soap? Judged by the work it does Ivory is the cheapest soap in America to-day. It is harmless. Embroideries, laces and delicate stuffs should be washed only with Ivory Soap.

THE NICKEL-IN-SLOT MACHINES.

Chief of Police Hodgkins Says He Will Investigate Them.

Regarding the running of nickel-in-slot machines which pay in coin, Chief Hodgkins said today: "I'll take the matter up and see how the machines are being run today. If they are run legally, nothing will be done. If they are run illegally, which I do not think they are, they will stop. No orders have been issued yet in the matter."

TYLER TO FIGHT THE DIVORCE CASE.

George N. Tyler, the Alameda nurseryman who is being sued by Bessie L. Tyler for a divorce on the ground of extreme cruelty, has filed a demurrer to his wife's complaint. She alleges that the acts of cruelty were committed without cause or reason. Tyler denies that any cruel acts were committed, or that if they were it would be a legal impossibility for them to have been committed without cause or reason.

EXCELLENT PLAY AT THE DEWEY THEATER.

MISS HORTON'S SCHOOL OPENS.

Popular Educational Institution Begins New Term With Many Pupils.

Miss Horton's School begins this week the seventeenth year of its existence, with the largest enrollment in its history. The school is accredited to the University, and Miss Horton sends her boys as well as her girls directly there. The school has developed by degrees, till it is now at the head of private schools on the Coast, having a large corps of instructors for the number of pupils, and developing new methods, on the latest lines.

A feature of the curriculum is the foreign language training, which all pupils begin in the early primary years. Each child must study either German or French, and later in the course another language is added. The Swedish Sloyd system has found its best development on this Coast, in Miss Horton's School the training being given in a splendidly equipped work shop.

Training in physical culture is a feature of each day's work, exercises in wands, clubs, dumb-bells and fencing being required of all. The course of study includes all requirements for entrance to the State University, the Leland Stanford Jr. University, and similar institutions in the Eastern States, including the Adelphi, Brooklyn, N. Y., and Wellesley College, Massachusetts.

The following constitute the faculty of Miss Horton's School:

Principal, Miss Sarah W. Horton; Latin, Miss Nellie W. Jones; mathematics, Miss Charlotte Anita Whitney; Latin, general grade work, Miss Charlotte F. Center; general grade work, Miss Elizabeth M. Sherman; vocal, music and general grade work, Miss Mary M. Burnham; primary class, Miss Elsie Sinclair; higher English, history, French, Miss Lucy B. Blackwood; German, Miss Florence M. Hanna; French, German and Latin, Miss May Bess Graham; Latin, Mr. Benjamin P. Kurtz; Greek and physical training, Mr. Olcott Haskell; Sloyd.

Miss Horton is planning extensive changes in the school, to meet the requirements of the large number of students, which mark the successful planning and the able management which has earned for the school its success.

LEFT MONEY IN BANK TO HER MINOR SON.

The will of Mrs. Hannah A. Gray, who died July 27, has been filed for probate by Harry H. Haynes. The will which is enclosed in a bank book showing \$1,600.05 on deposit in the Oakland Bank of Savings, is as follows:

"January 8, 1888. This money is for Leon E. Gray, in case of my decease, 'H. A. GRAY'."

The money in bank consists of small sums deposited at various times since 1861. Besides the cash there are notes and realty belonging to the estate, valued at about \$5,000. The heirs are the husband, Samuel Gray, a daughter, Lulu I. Haynes, and the son, Leon E. Gray, who is 10 years of age.

OAKLAND HARBOR NEWS NOTES.

Work is Progressing on the New Steamer in Dickey's Yards.

The eight lighters that are being built at Beetle's Boat Works are well under way. The frames of three of them are being put together on the beach and work on the other five will commence at once.

On the Ways.

The steam schooner Mary Dodge was drawn on the ways Saturday for a general overhauling. The improvements will consist of repairs to the hull and interior of the vessel. Before she leaves the ways she will also be painted.

One New Steamer.

The work of covering the hull of the new steamer being built at Dickey's for the Pacific Steamship Company was begun late Saturday afternoon. Corking will follow. The interior of the vessel, as far as the framework for the upper deck and ceilings is concerned, is completed. Outside of this new work there is little being done in the yard, although Mr. Dickey expects some new contracts to be awarded in the course of a week or so.

FUNERAL OF THE LATE PETER THOMSON.

The funeral of the late Peter Thomson was held yesterday afternoon under the auspices of the St. Andrew's Society from the Thomson residence, 1421 Webster street. The services were conducted by the Rev. J. S. Macdonald, assistant pastor of the First Presbyterian Church, and chaplain of the St. Andrew's Society, of which the deceased capitalist was honorary president for many years.

The services were very simple, the family desiring as little display as possible. Music was rendered by a male quartet, composed of George H. Carlton, Alfred Wilkie, Benjamin Clark and Clement Rowlands.

Many members of the St. Andrew's Society and the members of the Mountain View Cemetery Association were in attendance. The pall-bearers were as follows: From St. Andrew's Society—James P. Taylor, D. Edward Collins, S. Irving; from Mountain View Cemetery Association—Colonel George C. Edwards, J. S. Emery and George Grant; family friends—John Dixon of Santa Rosa, Charles W. Fore and Raphael Weil of San Francisco.

The interment was in Mountain View Cemetery, where Dr. Macdonald officiated during the services at the grave.

OAKLAND'S SANITATION.

Health Officer von Adelung does well to direct attention to the necessity of making additional sanitary precautions in the interests of Oakland. While we have been singularly free from epidemics and our records show a smaller percentage of sickness than almost any other residence community in California, there is nevertheless considerable room for improvement, especially so on the lines he points out regarding infection from tuberculosis.

Naturally enough, when a particular section becomes known as favorable to consumptives, it brings about an immigration of such invalids and the experiences of other Western cities have been such as to necessitate hedging themselves around with protection from these unsanitary invaders. Health resorts like Phoenix and Yuma that have of late years been the Mecca for those afflicted with tuberculosis, have found it necessary to establish stringent regulations as to the location of their visitors and the proposition to establish a national sanitarium there for those suffering from lung troubles has raised a violent storm of protest.

While the conditions we are facing in Oakland are not one-tenth as serious as those mentioned, it is nevertheless well to be as far on the safe side as possible, and the Health Officer's suggestions are with the object of placing us there. It has been indisputably proved that tuberculosis is a contagious disease, its spread being in fact more due to contamination than hereditary conditions. Isolation of the afflicted is of course an extreme measure and one that we should hesitate long before taking, but we should not flatter a moment about the establishment of every other possible safeguard. The dangers of expectoration, the commingling of the afflicted with healthy people, the continuance of conditions conducive to lung diseases—all these should be avoided as quickly and as effectively as possible and in such regards the crusade Dr. von Adelung advocates cannot be commenced too soon.

Mayor Phelan realizes the opportunity that is within his reach in the strike situation across the bay. If his efforts should bring about a settlement of the difficulties his political stock, which has been below par for quite while, would quickly jump to premium quotation again, so he is leaving no stones unturned to secure a compromise. His efforts, too, are being exerted upon sound practical lines, for it is patent that peace will only be obtained by arbitration. The unions cannot be exterminated, and the sooner the Employers' Association realizes the fact the better it will be for all concerned.

THE SAN FRANCISCO PRIMARIES.
San Francisco will tomorrow be the scene of the first primary election held under the new law, and incidentally will witness the climax of one of the most bitter political fights in the history of the metropolis. The struggle for mastery is not revolving around the question of municipal control, for that issue has long since been subordinated to the more important one of State influence.

Acrimonious, though the struggle has been, we trust that the day after the issues are decided will dawn upon an united Republicanism in San Francisco. Never could there be a better opportunity to wrest the city from the Democratic control under which it has labored so long, for the people are weary of the new form of bossism to which they were subjected in the name of reform, and are ready to turn the reins over to the party that is representative of reform and good government. This happy culmination can not possibly be obtained, however, if the Republicans remain rent and torn asunder by internecine strife, for there is nothing to which that old proverb, "a house divided against itself cannot stand," is more applicable than to a political structure.

Meantime the fight will go merrily on. An eleventh hour settlement of the difficulties is out of the question, so tomorrow the opposing forces may as well hurl themselves against each other at the polls and fight it out. All we, as members of the Republican party, ask is that the conflict be a decisive one in every sense of the expression and that the contestants be true to Anglo-Saxon traditions and when the best man has won, accord him the fulness of victory. Whether or not the issue of local municipal reform is in the balance, and no matter though the count may mean an advantage for one gubernatorial candidate over the other, the swords that the Republicans across the bay are now turning against each other must be directed in the common cause when the primary fight is over, for nothing more foolish could be imagined than to permit the Democrats to slip in and carry off the prizes while one party faction battles against the other.

That is the spirit that should dominate tomorrow's election.

It seems impossible to hold down that treasury balance, the total on hand being now \$229,000,000 and still climbing. By-the-way, it doesn't seem right to call it a balance, for it is all one-sided—in the right direction fortunately.

A chimney-sweep is the latest individual to take advantage of the insolvency law. Business can't be looking up as much as most people think.

PARTNERS QUARREL RESULTS IN LAWSUIT.

H. G. Ellsworth has filed an answer and cross-complaint in the action brought against him by D. T. Harris to recover \$2,783. Harris claims that this amount of money was collected and misappropriated by Ellsworth while he was acting as manager of a book store for him.

Ellsworth denies that he acted as manager. He alleges that on December 7, 1900, he purchased a half interest in the store from Harris for \$250 and that the latter then owed him \$333.07 on a prior contract. He says Harris agreed to allow him to manage the store and apply all of the profits toward the liquidation of the debt. On June 22, last, Harris had a stock of books consigned to Ellsworth attached. Ellsworth now asks to have Harris enjoined from interfering with the business of the store. He says he is willing to share the profits of the store with Harris as soon as the latter has paid his indebtedness. The matter will come up for a hearing on August 16.

DISPUTE OVER CROPS IS AMICABLY SETTLED.

The injunction in the action of Charles D. Allen, as receiver, against Frank Garcia, A. J. Amoral and others has been dissolved by mutual agreement. Allen was suing to compel the defendants to deliver to him one-fourth of the crops raised on property leased by them, according to an agreement. Allen and the defendants have now signed an agreement settling their dispute.

Sale Now On

This Monday morning at 8 a. m. we started the greatest mercantile event this county has ever known. We call it a "Harvest Sale" for it is a harvest of bargains.

It is a fiesta for housekeepers, a chance to reap the benefits of months of careful gathering, an opportunity to purchase, at a remarkable discount, some of the best goods the world produces.

All during summer this bargain crop has been growing. Remnants have been accumulating by hundreds, odd sizes have been springing up and several lines have been waiting in our stock rooms because they were not as ordered or were received too late. The latter will be sacrificed at the expense of the manufacturer, the remnants and the odd sizes have been cut to less than cost, and the entire store has been turned into one great bargain counter where anything can be bought at almost any price.

Is there anyone, anywhere, who can afford to miss a sale like this?

PERSONAL AND SOCIAL NOTES.
An Interesting Tea Given by Mrs. Layson in the Country.

The first annual ball of the Railway Mail Service Social Club was held Saturday night at Foresters' Hall. The committees in charge of the affair worked hard and their efforts met with success. Men of the railway mail service from all parts of the State attended.

Dr. H. E. Blidde, late of the University of Chicago, who is one of the new men appointed to the department of chemistry at the U. C., arrived last evening and is stopping at the home of Rev. Paul Stewart in this city.

The ladies of the Fabiola Hospital Association are making extensive plans for an afternoon whist tournament, which will open the autumn season of the association's activity. If possible the affair will be held on the second Friday in September.

Dr. C. K. Small has returned from a trip to California and has resumed his practice.

Mrs. Margaret Cameron Smith gave an informal reception to Miss Ethel Horne, the actress. Among the invited guests were the following: Miss Ethel Horne, Mrs. N. H. Horne, Mrs. John P. Irish, Miss Frances Irish, Mrs. S. H. Blackett, Mrs. George Cope, Miss George Cope, Miss Martha Coffin, Mrs. E. A. Kluegel, Mrs. Samuel J. Taylor, Mrs. Edgar L. Dow, Mrs. William B. Dunning, Mrs. H. B. Barton, Mrs. Frederick P. Cutting, Mrs. D. A. Spencer, Mrs. H. B. Sears, Mrs. A. C. Schlessinger, Mrs. A. G. Freeman, Mrs. A. B. Nye, Mrs. Carrie Brown-Dexter, Mrs. Marion Barrington, Mrs. J. T. Barracough, Mrs. Lloyd Rawlings, Mrs. Rawlings, Mrs. J. F. Wiggins, Miss Ward, Miss Dickie, Miss Brannon, Miss Knox, Miss Margaret Knox, Mrs. A. D. Cutler.

The wedding of Miss Pauline Lohse to Montell Taylor will take place at 4 o'clock on Wednesday afternoon, August 21st. The wedding guests will be confined to relatives and very intimate friends of the interested parties. Anita Lohse is to be maid of honor. The honeymoon will include a trip East.

Milton H. Schwartz, '01, University of California, goes to Columbia University, New York, early next month to complete his education. He will study law. Mr. Schwartz has just taken his A. B. from the College of Social Sciences, Berkeley.

The engagement of Miss Emma Hopkin of Oakland and Rudolf Rex of San Francisco is announced. The wedding will take place in the early fall.

The ceremony will be performed at the home of the bride, 130 Center street. Miss Hopkin was educated in Oakland and gave particular attention to the study of music, in which she excels. She is well known in local musical circles. Mr. Rex is a young business man of San Francisco, to which city after a short honeymoon trip, he will take his bride.

The wedding of Miss Ethel Gage and George Gross will take place on September 3 in St. Paul's Church. The general color scheme of the decorations will be in pink and white. The maid of honor, Miss Mabel Gage, will wear a gown of pink and white. The two bridesmaids, Misses Carrie Nicholson and Katherine Chabot, will be in pink. A large number of invitations have been issued for the ceremony at the church, but the reception at the Gage home will be attended only by intimate friends.

Mrs. A. A. Mann, the mother of Seth Mann of this city, will celebrate her eighty-second birthday anniversary tomorrow, and in honor of the occasion a dinner will be given by Mrs. Seth Mann, at which all the children, grandchildren and great-grandchildren of the aged lady will be present. Mrs. Mann is a native of New England, but has resided in California for nearly thirty years and is well known to many, who will learn with pleasure that the venerable woman is still bright and active. Those who will assemble at the dinner tomorrow are: Mrs. Charles Mann, Professor A. J. Mann, Mr. and Mrs. Howard Turner, Miss Ruth Turner, Harold Turner and Dalton and Dorothy Mann.

Mrs. W. H. Layson was the hostess at a large "tea" recently at Arden, Alameda. The floral decorations for the occasion were very beautiful. Among the guests were: Mrs. Archibald, Mrs. Allen, Miss Anderson, Miss Aiken, Mrs. Brenting, Miss Brenting, Miss Burr, Miss Egger, Miss Borst, Miss Chittenden, Miss Clark, Miss Clough, Mr. and Mrs. Carter, Mrs. A. The wedding of Miss Pauline Lohse to Montell Taylor will take place at 4 o'clock on Wednesday afternoon, August 21st. The wedding guests will be confined to relatives and very intimate friends of the interested parties. Anita Lohse is to be maid of honor. The honeymoon will include a trip East.

The journeymen tailors of Oakland are about to present demands for shorter hours and better wages, and will declare a strike if they do not gain what they ask. A. S. Trimble, secretary of the Tailors' Union, has issued a call for a meeting of the union, to be held tonight at Lorin Hall. Demands will be formulated at the meeting and the best means of bettering the condition of the Oakland tailors will be discussed. P. A. Heeb is president of the union.

TAILORS WANT AN ADVANCE IN WAGES.

The journeymen tailors of Oakland are about to present demands for shorter hours and better wages, and will declare a strike if they do not gain what they ask. A. S. Trimble, secretary of the Tailors' Union, has issued a call for a meeting of the union, to be held tonight at Lorin Hall. Demands will be formulated at the meeting and the best means of bettering the condition of the Oakland tailors will be discussed. P. A. Heeb is president of the union.

BURTON MAKES A STATEMENT.
Says That Oakland People Have Not Filed Protest Against Canal.

A special dispatch from Washington to the Examiner says: WASHINGTON, Aug. 11.—Representative Burton, chairman of the Rivers and Harbors Committee, said tonight that the only protest against the contract for continuing work on the Alameda tidal canal was made by his committee. Mr. Burton will probably call at the engineer's office tomorrow in reference to the matter. He said: "No one filed a protest against this work. I noticed myself that the work was unnecessary and the other members of the committee regarded it as a needless improvement. We were satisfied that the purpose of the so-called tidal canal was really to dispose of sewage and for the promotion of private interests. In conversation, citizens of San Francisco and of Oakland expressed themselves as not interested in the project and doubtful if any benefit could accrue from the work. They did not, however, take the initiative against the completion of the project. The committee desires to take the full responsibility for the delay in approving the contract and beginning the work. It is doubtful whether the Secretary of War will feel that he can withhold his approval to the contract. The contractors are placed in an unfortunate position inasmuch as they have already expended money in making preparations to do the work.

"To my mind, nevertheless, the members of the committee would have failed in their duty if they had not called the attention of the Secretary of War to the situation."

Mr. Burton declined to give the reasons of the people of Oakland and San Francisco who oppose the project.

MELROSE SCHOOL IS NEARING COMPLETION

MELROSE, Aug. 12.—The new school at Melrose is rapidly nearing completion. The building when completed will be a handsome structure. It is situated on rising ground which gives a good view of the surrounding country.

OPENING DAY AT UNIVERSITY.

Hundreds of Students Arrive on the Morning Trains.

BERKELEY, Aug. 12.—Hundreds of students arrived on the morning trains today to be present at the opening day of the fall term at the University of California. Today marked the commencement of three days of entrance examinations.

Next Wednesday and Thursday members of the faculty will keep office hours. Thursday will be registration day and on Friday instructions for upper classmen will begin.

Next Monday the results of the examinations will be announced. The indications are that the entering freshmen class will be an unusually large one.

BERKELEY SCHOOLS OPENED TODAY.

BERKELEY, Aug. 12.—The grammar and commercial departments of the public schools opened today. The new High School building will not be completed before September 1st, but an effort will be made to use some of the rooms for classes on August 19th. Rooms have been refurnished in the old High School building for the commercial department. The ninth grade will meet in the new High School.

Mrs. Thomas Turner of 1312 University avenue is convalescing, after her recent serious illness.

BERKELEY LETTER CARRIER IS BADLY INJURED

BERKELEY, Aug. 12.—Robert Welch, a letter carrier in the local office was badly injured while going to work this morning. He was riding on his wheel and while attempting to turn out of the way of a vehicle, collided with a telephone pole at the corner of Francisco street and Shattuck avenue. Welch was rendered unconscious by the blow and fell into the gutter where he lay prostrate and covered with blood. C. P. Davis who happened to be passing in a wagon took Welch to his home at the corner of Walnut and Vine streets where he is now in the care of surgeons.

Welch's wheel was completely wrecked through the impact with the pole.

WILL BE PROBATED.

BODY BEARS STRANGE MARKS.

Was Louis Wanner III Treated at the Ukiah Insane Asylum.

ALAMEDA, Aug. 12.—When the body of Louis Wanner arrived in this city from the insane asylum at Ukiah, where he was taken only a short time ago, it bore unmistakable signs of violence having been used. The left eye was quite dark and the right side of the head and temple was badly bruised. The jaw appeared to be broken and finger marks on the throat were still visible where he had been choked.

The certificate from Dr. E. W. King, Medical Superintendent of the asylum showed that death had been due to "mania."

A number of the dead man's friends when they viewed the body were emphatic in the belief that Wanner had been violently used. Sergeant Kamp of the police department, who first found Wanner on the ferryboat in a demented condition and brought him home, was of the opinion that the bruises were caused from the insane man falling and throwing himself around.

Wanner was quite violent and before being taken away would throw up his arms and fall on his back and the battered condition of the jaw and head was no doubt caused in that way. The funeral took place today at 2 p. m. from the undertaking parlors of Smiler & Gallagher.

DEATH OF MRS. HATCH AT HER ALAMEDA HOME

ALAMEDA, Aug. 12.—Yesterday Mrs. Mary H. Hatch passed away at her home, 1517 Everett street. She was a native of Massachusetts, aged 93 years.

She is survived by her daughters, Mrs. Main Adams, Miss Clara Hatch and Mrs. A. von Nott of San Francisco, Theo. Hatch of Boston and G. Hatch of San Francisco.

Mrs. Hatch had been an invalid for a great many years. The funeral will take place tomorrow at 10:30 A. M. from her late residence, and will be conducted by a spiritualist, Mrs. Hatch having been of that belief.

MRS. MARY FUSION DIED IN ALAMEDA TODAY

ALAMEDA, Aug. 12.—This morning Mrs. Mary Y. Fusion died at her home, 1205 Ninth street.

The deceased was a native of New York aged 69 years. She leaves a husband, two sons, Daniel and Almo C. Fusion, and a sister, Mrs. D. L. Shed, all of this city.

AN ALAMEDA TEACHER GOES BACK TO FRESNO

ALAMEDA, Aug. 12.—Mr. Olney, principal of the Fresno High school, has returned to that city. Mr. Olney has been a temporary teacher of mathematics in the local High school. His place will be taken by Miss White of Marysville.

DEMURRERS ARE FILED TO CONTEST OF WILL

The defendants in the action brought by John Duffy and others to invalidate the will of Margaret O'Brien, deceased, have filed demurrers to the contest. It is alleged that the contest is ambiguous and that there is a misjoinder of brothers, nephews and nieces in the action and that their separate claims are not set forth.

Mrs. O'Brien's estate is valued at about \$10,000. She left a large part of her estate to religious institutions. The defendants in the contest are Daniel J. Murphy, Mary A. Murphy, Mary Ann Kelly, Winnifred Gallagher and Executor James Kelly.

HOT METAL IN HIS EYE.

Richard Kelley of San Leandro Meets With a Painful Accident.

SAN LEANDRO, Aug. 12.—Richard Kelley, who has been working for the Oakland Gas Company, had the misfortune to have a piece of hot metal get into his right eye a few weeks ago.

It was hoped that the eye might be saved, and he was under treatment for the same for some time. Last week it was decided to perform the Muhl operation. The operation consists of removing the pupil and inserting a globe.

LIVERMORE MEN ARE WARNED.

Striking Teamsters Tell Workmen Not to Go to San Francisco.

LIVERMORE, Aug. 12.—The following circular is being distributed here: "NOTICE—Teamsters keep away from San Francisco. Strike still on between the teamsters and employers. The inducements offered are fakes. Keep away from San Francisco. Brotherhood of Teamsters."

PERSONAL NOTES FROM TOWN OF LIVERMORE

LIVERMORE, Aug. 12.—W. H. Wright and T. E. Knox paid a visit to the vicinity of Midway yesterday to appraise the estate of the late T. E. Gotchell.

B. C. Hawes, public administrator was in town on Thursday.

Socrates Huff of San Leandro en route to San Joaquin county, passed through town Friday.

Supervisor Horner was in town Friday on official business.

The Salvation Army after a week of crowded meetings has folded its tent and left for Oakdale in quest of more converts.

LIVERMORE HAY MAY BE RUINED BY RAIN

LIVERMORE, Aug. 12.—The strike in San Francisco is having a bad effect on the hay shipments not over half a dozen cars per day leaving here. The hay warehouses have a large force at work storing hay. There appears to be a scarcity of presses and many presses and many farmers are afraid they will be caught with rain before they can get their product in the market.

HAY IS BURNED IN THE LIVERMORE FIELD

LIVERMORE, Aug. 12.—Large quantities of barley are being shipped to Oakland wharf and then loaded on a vessel destined to New York.

A fire in the field near Alhambra on Thursday destroyed a large stack of hay owned by Haven and Skerick. The loss was about \$500 and was fully insured.

HAYWARDS WANTS A NEW STATION.

Residents Will Ask the Railroad Managers to Make the Improvement.

HAYWARDS, Aug. 12.—With the daily increasing shipments from this place and the putting in of sidetracks which encroach on the station, it is hoped by many of the prominent citizens that the railroad company will build a new station.

Niles and Decoto will have new buildings shortly, and considering the extent of the local shipping a larger station is very much needed here.

Work will commence shortly on the fruit track, which will greatly accommodate the cannery. The hay and grain shipments are steadily increasing as well as the fruit, which is being turned out at a lively rate at the cannery.

LIVELY RUNAWAY IN TOWN OF HAYWARDS

HAYWARDS, Aug. 12.—A runaway Saturday caused considerable damage to a number of bays owned by J. Gallegos, the wine man of Mission San Jose. Mr. Gallegos' man brought the rig to this place to undergo some repairs. While the horse to which the buggy was attached was tied in front of Martin's wine cellar the animal became frightened and broke away. With several quick jumps the horse went completely through the harness, while the buggy ran into a tree. One wheel was badly broken.

HAYWARDS MAN KILLED IN THE MINES IN MONTANA

HAYWARDS, Aug. 12.—Several days ago word was received by telegram of the death of Jose R. Gomes, brother of Joseph and Antonio Gomes of this place. The telegram stated that he had been killed in a mine near Butte, Mont. Joseph Gomes left Thursday for Butte to bring the remains home.

LIVERMORE PLAYERS WILL MEET HAYWARDS BOYS

HAYWARDS, Aug. 12.—A baseball game is slated to take place at the athletic park on the 25th of this month. The game promises to be an interesting one. The match will be between the Howard Tailoring Company team of Livermore and the local team.

HAYWARDS HIGH SCHOOL MAKES A GOOD SHOWING

HAYWARDS, Aug. 12.—With the opening of the local high school the class already numbers twenty-seven with several others yet to come.

Miss Lemos, Miss Florence De Cam, Roy Merwin and Bayard Elmore will enter the University of California.

DENIES DESERTION.

Albert C. Wyber has demurred to the suit of Frances Wyber for a divorce. He admits that there is one child, but denies that he deserted his wife on July 1, 1900.

THREE MONTHS FOR VAGRANCY

C. Davis was sentenced in Judge J. C. Quinn's court to serve three months in the county jail for vagrancy.

GRANTED LETTERS.

Public Administrator E. C. Hawes has been granted letters on the \$855 estate of George McInnis, deceased.

Affection

Exhales from children as fragrance from flowers. The little lips are always puckered to give or take a kiss. In homes where there are children, love reaches its fairest and sweetest proportions. In childhood homes the kiss of wife and husband, grows formal and presently is neglected the springs of love in the heart become choked for want of use and exercise. Childhood is a great sorrow to many women. It is like a curse from Nature, who bids all creatures to be fruitful. It is not a curse but a misfortune. Often the conditions which cause childlessness are removable. Dr. Pierce's Favorite Prescription has brought joy to many a woman by giving her the happiness of motherhood. It gives to the womanly organs vigor and vitality, removes local obstructions, and practically does away with the pains and pangs of maternity.

There is no alcohol or narcotic in "Favorite Prescription."

"I have never written you how grateful I am to you for your help in securing good health and one of the sweetest, dearest, thirteen pound girls that ever came into a home," writes Mrs. M. Vastine of 647 South Liberty St., Galesburg, Ill. "I took four bottles of Dr. Pierce's Favorite Prescription, four of the 'Golden Medical Discovery,' and four vials of 'Pleasant Pellets.' Before I had taken four bottles of the 'Favorite Prescription' I was a new woman. I cannot make pen describe my heart-felt gratitude."

To keep the bowels regular use Dr. Pierce's Pleasant Pellets.

Philadelphia Shoe Co. 10 THIRD STREET San Francisco.

Cuniff have filed an opposition to the appeal taken from the order denying the petition of Rosa F. Cuniff a family allowance from the estate of Frank D. Cuniff, who committed suicide while an inmate of an insane asylum.

Rosa F. Cuniff claimed to be a widow of Frank D. Cuniff. The court found that she had never been legally married to Cuniff, and her application for share of his estate was denied. Shortly afterward Rosa Cuniff died. Her executors are now appealing the case.

The appeal is objected to on the ground that the defendants were not allowed to file amendments to the proposed bill of exceptions on the appeal.

JUDGMENT SATISFIED.

Arthur P. Holland has released a judgment of 170 against V. P. Mitchels.

It Dazzles the World.
